

Col
16

From the SW Cor of NW 1/4 & SW 1/4 Sec 22 I ran N.E. Six Chains at this point I planted a Boulder 6x4x
 Marked Z Z C S from which a Collar was 10' in bears N 45° W 37 links
 From South Side of Bridge across Johnsons in the vicinity of the S 1/4 Cor Sec 22 I measured S 35° 15' W following the
 County Road Sixteen Chains and planted a Rock under the fence on W side of the County Road Marked Z C S
 from this Corner the S 1/4 Cor Sec 22 Bears N 53° 30' W 342 links. The Course of the Line from this Z Cor to the Z Z Cor
 Bears North 57° 30' W. The 1/4 Cor No 10 of Sec 23 Bears N 63° 45' W General Course of County Road to this Corner
 from the Bridge South 35° 15' West Chimney of School House Bears North 45° 15' E

Also a

Line Running North East from the center of North East 1/4 Sec 27 to the N.E. Corner Sec 27
 See Plat

Survey Began Oct 27 1908 Ended Nov 7, 1908

Costs		
Surveyors fees	9 Days	\$75.
Mileage		4
Field Notes		5
Chairmen and Flagman		50
Sheriff fees for Notifying		<u>7</u>
		108
Record and plat		<u>160</u>
	Total	109,60

These Cost may be properly divided in two portions that which may be taxed to the establishments of the
 North West Cor Sec 22 = Surveyors fees & Chairmen & Flagman = 31.25. Notiff's. half the Mileage and Sheriff fees
 And half the record .80. Total \$41.05 The Establishment of this Corner affected All the Land Owners in
 Sections 15, 16, 21, 22. Making \$10.26 to be charged to each Section in the proportion to each Party as shown on D.
 in order not to interfere with Plat on Pg 19 I show the proportional charges to each Party on Pg 21
 (ie the upper or first sum in each Party) And the summing up of the different charges on page 20

Michael Spears Nov 16 1908.
