 - () Record bearing and distance
 - X—X Fence line.
 - Found Monument from Recorded Survey No. □ Survey No. appears in box.

REFERENCES

Record Map of Survey No. 890, 1289
 Deed Record Instrument No. 911824.

NARRATIVE: This survey was performed for the benefit of Herbert and Nelda Martin and Dennis and Charlotte Hopkins. The purpose of this survey is to correct and supersede Record Map of Survey No. 890.

During Survey No. 1289, we discovered that a computational error resulted in a bearing error shown on Record Map of Survey No. 890. The bearings on Map No. 890 were not rotated from an assumed bearing to true bearings.

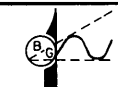

The information shown hereon corrects and amends the information shown on Survey Map No. 890. The monuments set in Survey No. 890 will not change position.

Mr. and Mrs. Martin originally deeded this tract of land to Dennis and Charlotte Hopkins, based on my Survey No. 890, as recorded in Deeds, Instrument No. 911824.

Mr. Martin, upon my advice, indicated to me that he and Mrs. Martin will issue a correction deed to Dennis and Charlotte Hopkins, the present owners. I have prepared a new legal description, referencing this map of survey, to be used in the correction deed.
