NAKKAIVE:
This survey was performed at the request of Butch Goslin. The purpose of this survey was to: (1) locate a portion of Mr. Goslin's deed lines as described in Instrument No. 911717, Deeds; (2) locate the appurtenant monuments of Record Survey No. 204; (3) set monuments along a new common division line between his land and the adjoining land of his father, for the Property Adjustment Line; (4) locate a proposed access easement; all as shown hereon.

A search was made of the available records pertaining to this survey. Field measurements were made to locate the controlling monuments of Record Survey No. 204. We found most of the appurtenant iron pin monuments of Survey No. 204 in good condition, as shown.

New monuments were set on the proposed property adjustment line at locations approved by Mr. Goslin and his father, Henry Goslin.

My research disclosed that this property is subject to the right of way of the Galbraith Ditch, said right of way appears to be 30 feet in width, 15 feet on each side of the centerline.
