NARRATIVE

The purpose of this survey was to locate and mark the property line between lands owned by Delbert & Evelyn Kimberling on the West and Cavenham Forest Industries, Inc. on the East. Said property line is the North-South Center 1/4 line of Section 31, T.13 S., R.35 E., W.M. Original corners were found at both ends of the property line. Control was established from a random, closed traverse with a precision of 1/15000 prior to angular adjustment. Points on line are marked with steel fence posts having a positional tolerance of ±0.5' in relation to the property line. Points on line were established by offsets from the random traverse. Posts on line are spaced at intervals so as to be intervisible if trees and brush were removed with a maximum spacing of 270'. No unusual conditions were encountered. Survey was completed on Aug. 25, 1986.
